Malathion One-pager 09-12-16.docx  
Chloropicrin pre-RA team kick-off meeting 3.21.17.docx

Liz,

Welcome to RMIB III! I apologize for not getting this to you sooner. Attached is a few brief bullets on the two more active chemicals you will be my team leader on, chloropicrin and malathion. I've also attached some documents that go into a bit more detail concerning these. I look forward to working with you.

**Malathion:**

- [REDACTED] HH DRA and BE issued in 2016

## Ex. 5 - Deliberative Process

## Ex. 5 - Deliberative Process

- [REDACTED] I've attached the one-pager on malathion for more specific details if you wish to review it.

**Chloropicrin:**

- [REDACTED] Chloropicrin is a part of the fumigant class of pesticides and has a fairly high usage.

# Ex. 5 - Deliberative Process

**Subject:** Welcome Liz and Ricardo! And New TL Assignments

Hi all,

We are looking forward to Liz and Ricardo joining our branch on Monday as new team leaders. They will be with us for four months, until early October.

Attached is a spread sheet with team leader chemical assignments for Liz and Ricardo. As you will notice, I made specific assignments for the chemicals that are likely to be the most active during the next four months.

For chemicals that are not specifically listed on the attached, we will default to Avivah's chemicals go to Ricardo and Tracy's chemicals go to Liz.

There are a couple of things that I need each CRM to do:

- 1) Please invite Liz and Ricardo to any upcoming meetings for the chemicals for which they will have responsibility.
- 2) Please prepare a short summary for Liz or Ricardo on any of your chemicals that are identified on this spreadsheet. [All that is needed is a few bullets on each chemical; the point is to help our new TLs to get up to speed, and to give them a reference point.] Remember that you prepared similar summaries when Carolyn started her detail, so you may have something already prepared that you can update/supplement. Carolyn told me that she found those write-ups very helpful. ***Please try to have the write-ups for Liz completed by COB Friday; please have the write-ups for Ricardo completed by COB Monday (Ricardo is on leave on Monday, hence the later deadline)*** Please send your write-ups to Liz and/or Ricardo, cc'ing me and Tracy.
- 3) After providing the updates, please coordinate with Liz and Ricardo on whether a meeting is necessary for the more difficult cases.

Please let me know if you have any questions

Thanks,

Kelly

Kelly Sherman
